

City of Houston—Houston Public Works
Code Enforcement Green Building Resource Center

Presents an Education Seminar in partnership with the Texas Chapter of the US Green Building Council

This 2018 series is generously underwritten by  **ROCKWOOL**

Houston Climate Action Plan Meeting

Interested in helping the City of Houston with our Climate Action Plan? Stakeholder meetings are an important way for cities to gather and dispense information to the interested public. Climate action plans are complicated and data intensive. This is a great opportunity to learn how they are developed, and what type of data they require.

We will want your input, and it will be helpful if you fill out this quick 9-question survey before the event: <https://www.surveymonkey.com/r/DW9TR7R>

Larissa will explain the intentions and processes of the Plan. Gavin will discuss the data gathering and research components. Steve will report findings and outcomes from plans of other cities. We will be filming the event to serve as a record for this important public engagement. In addition we will be answering questions, and taking notes for follow up. CEU's available.

To see the most current information about the plan, visit: [GreenHouston](#)

Speakers.....

- Larissa Williams**, Energy Manager
City of Houston ARA Sustainability
- Gavin Dillingham, PhD**, Clean Energy Policies
Houston Advanced Research Center (HARC)
- Steve Stelzer**, Program Director
City of Houston Green Building Resource Center

Held in the Green Building Resource Center located in the Houston Permitting Center with its LEED Gold Certification since 2012. The GBRC is Houston's best location for seeing displays of green building materials and strategies.
