

City of Houston—Houston Public Works  
**Code Enforcement Green Building Resource Center**

Presents an Education Seminar in partnership with the Texas Chapter of the US Green Building Council

This 2018 series is generously underwritten by  **ROCKWOOL**

# If You Breathe It, Drink It, Sit on It—What's In It?

**Maybe you don't want to know. If you do, this session is for you.** Manufacturers and everyone utilizing manufactured items put chemicals in the air, water, and the very goods they sell or dispose of. Some of these chemicals are dangerous to life and create unintended consequences.

Lawrence is an investigator for the City of Houston, and will give you some insight regarding his particular regulatory activities and what kind of enforcement actions are taken. Paige is active with local air pollution and will discuss progress and continuing issues with the air we breathe, and what can and can't be done from the non-profit side. Jon represents a furniture manufacturer who's mission is to rethink the way they make and recycle things that make better ecological sense, especially with plastic, which has become a waste problem of epic proportion. CEU's available.

## Speakers.....

- Lawrence Childress**, Asst. Chief Inspector  
*Houston Public Works*
- Paige Powell**, Director of Operations  
*Air Alliance Houston*
- Jon Strassner**, Vice President  
*Humanscale*

Held in the Green Building Resource Center located in the Houston Permitting Center with its LEED Gold Certification since 2012. The GBRC is Houston's best location for seeing displays of green building materials and strategies.
