

GBRC ONLINE EDUCATION EVENT
IN PARTNERSHIP WITH USGBC TEXAS

HEMPCRETE: PATHWAY TO PRODUCTION

GUEST SPEAKERS

Sondra Huddleston
Green Growers of Texas

Ray Kaderli
Hemp Build Network

Adrian Zelski
The C Standard

Hemp is a rapidly renewable agricultural source of fiber for the building and fabric industries that is drought and pest resistant, giving it an excellent carbon footprint. It is new to the domestic market and worthy of learning more about it. Speaker Sondra Huddleston of Green Growers of TX will provide background on hemp and its multiple uses, Ray Kaderli of the Hemp Build Network will talk about his hemp structure in San Antonio, and Adrian Zelski of The C Standard will discuss standards and certification processes for hemp developed with Peterson Control Union to ultimately allow for jurisdictional building code approval.

FREE & OPEN TO THE PUBLIC, CEU AVAILABLE.
